

Supatone™ Ceiling Tiles

Gyprock Supatone Ceiling Tiles are bright white, economical plasterboard ceiling tiles that provide acoustic separation in commercial applications. Supatone Ceiling Tiles are square edged, 10mm thick and available as 1200 x 600mm tiles to suit common exposed grid systems. The tiles feature a poly-coated paper face, with Gyprock Supaceil in their core to provide sag resistance and longevity.

Recommended Use

- Standard suspended grid systems for interior ceiling applications
- Commercial environments such as shopping centres, offices, restaurants, factories, warehouses, and rest rooms.
